### **Conference Goal**

*It is the desire of the Africa Education Initiative that more students will begin to develop research interest early in their career. The conference intends to gather students, researchers and experts from various fields of sciences to brainstorm and share their experiences.*

## AEI/NEF 2008 CONFERENCE - UNIVERSITY OF BUEA, CAMEROON

### Abstract Format

A 250 word abstract, addressing a Conference topic, double-spaced in 12-point font, single space, Times New Roman, full justification should be used.

The abstract should disclose primary findings and not include statements such as "experiment in progress" or "results will be discussed."

**Title:** The title should not be more than 50 characters.

**Authors:** One name should be in full followed by initials. Asterisk should be used for corresponding author.

**Institutions:** Give the institution of each contributor to the work.

**Background/Objectives:** Study objectives, the hypothesis to be tested, or a description of the problem.

**Methods:** Methods used or approach taken.

**Results:** Specific results in summary form (with appropriate statistical analysis).

**Conclusions/Implications:** Discussion, implications and conclusions.

Authors must indicate their preference for an oral presentation or a poster session. The abstract will appear on the book of abstracts following the registration for the conference by the presenting author.

The deadline for abstract submission is 10th October 2008 at 12.00P.M. (GMT)
