ERIGAVO, SOMALILAND

1.

Action for youth in development is a non-governmental, non-political, non-partisan, non-profit making development organization established on 12 the January 2004 for purpose of re-organizing the life of the society especially on the youth affairs, especially the fundamental objectives behind the foundation of organization was supporting youth, street children youth groups who are the most vulnerable groups among the society through health ,education ,sports, pastoral economy and political participation empowerment including public decision making which may affect their lives, reducing & promoting of sports and physical activities to change bad habits that they involve thus changing their attitudes and activities and mobilizing them to developmental activities, awareness raising on FGM, HIV/AIDS, sanitation, promoting peace and reconciliation, Humanitarian areas are also included under consideration of AYID organization in which the organization is highly committed to address, because currently all the issues mentioned above are popular cases /problems existing among the society.

2.

AYID wants to see a free society esp. children, youth, and minority groups from disease, poverty, ignorance and injustice and promote the peace, justice and wellbeing of the society in general.

3.

AYID is a non-governmental, non-partisan, non-political, non-profit making development youth organization seeking to solve all dangerous violence against , street children ,youth , and minority groups through health , economy, education, justice and empowerment of other human rights, promotion peace and reconciliation that are currently continuing in the country.

4.

Improving quality of life of vulnerable groups of youth, street children, youth, IDPs, people living with HIV/AIDS and minority groups in Sanaag region, through continues participatory and gender equality programs,

5.

AYID is a committed organization with a clear objectives and has following core values as:

- transparency
- accountability

- respect for human rights
- give priority to marginalized groups
- support to the ending of youth, children, women and minority grievances
- enhances gender equality

6.

Empowering the youth, children, and generations through:-

Increasing the income level of 300 three hundred people, youth, and street children as making their economical situation better promoting educational /skill level of the above mentioned people, building the capacity of AYID s staff and members in training interventions establishing sustainable advocacy programs on HIV/AIDS including awareness and prevention of stigma and discrimination

7.

1. BOD
2. Chair person or executive director,
3. program officer
4. accountant
5. secretary/cashier
6. field officer

8.

Any action to be taken on community needs improvements, AYID use following strategies:-

- 1 Conducting assessment as to identifying a certain community needs before taking any interventions
- 2 Making consideration of findings identified in the assessment
- 3 Prioritization of needs in considering of community ideas and suggestions
- 4 Letting community identifying their needs:- encouraging them, and also have a role both of designing of participatory planning and implementation of plans
- 5 Mobilizing community resources, fund raising for the locally available resources
- 6 Building sustainable and trustworthy relationships with the funding and donor agencies both international, UN and other stakeholders concerned,
- 7 Providing and encouraging durable solutions for the marginalized groups and assisting their own successful stories,
- 8 Collaborating with the grass-roots organizations, mind-liked organizations, local authorities and beneficiary groups so that targets for the concerned projects can easily be met.

9.

Monitoring & evaluation is the major tools that AYID use to identify their weaknesses and measure their growth by visiting field sites, evaluating project impacts and documenting the lessons learnt, project goals that are met, challenges faced and ways solved ,

10.

AYID would like to increase its partners and provide them with the reports, assessments and methodologies used by AYID on implementing its activities, and share with the development, protection, and participatory programs, at the current time following agencies and organizations constitute AYID's partners:-

- A. Oxfam novib,
- B. UNICEF
- C. Mercy Corps
- D. DRC
