ORGANIZATIONAL PROFILE

Introduction

Badbaado and development of education (BADE) is voluntary, humanitarian, nongovernmental, nonprofit making, nonpolitical, non partisan NGO founded on February 16, 2011, registered in the Ministry of National Planning and Coordination. BADE works with marginalized society groups to the responsibilities and strategies towards the human rights, education, health, peace building, gender and gender development, educational skill trainings and the observance of economic, social and cultural rights and socio-economic welfare of the community dimensions as whole and vulnerable and marginalized people in particular.

BADE actively participates the democratic changes in the country towards promoting interdependence, mutual respect, cooperation, transparency, and accountability.

BADE strongly believes that youth is the only force and strength to enhance and fully develop their country through common forums and participatory process at all levels.

BADE organization encourages youth/adults, people with disability especially women and vulnerable people to join the mainstreams of live, promote their education level and skills to reach sustainable life..

BADE organization established a deaf school in the year 2008 which was named Integration of Education and Development (IED) School attended by 61 students overall (43 boys and 18 girls) aged between 7-25 years old. The trainers with education background on training children with special education needs who trains the aforementioned number of trainees are 5 who also work on volunteer basis.

The school directly follows the curriculum and the syllabus of the Ministry of Education from grade 1-8. It is registered in the Ministry of Education.

The formal section of the institution trains mostly hundreds of deaf youths whose age ranges from 7-25 years of age who are not charged any training fees

The Non-formal section of the institution offers free educational skill training to youths from different society groups including from poor families, minority groups, families headed by person with disability (PwD) as well as youth with disabilities.

BADE organization also runs the vocational training center to strength the capacities, skills of the vulnerable and marginalized people to enable them attain sustainable development.

The organization runs its activities the contribution of founders and members, community both local and Diaspora and donors funded projects
