To: All ABC4All Mentors:

While "A Better Community For All (ABC4All)" is a work in progress that will never end, the Legacy of ABC4All offers participants or Friends of ABC4All the chance to determine, for themselves, just how, when and if what is learned will benefit individuals and communities. Opportunities for self-improvement and self-funding are aimed to permit self-determination, providing equal chances for all. The internet offers an unprecedented opportunity as an equalizing force for the world as it moves in the direction of globalization. What is required is a level field in which ALL have an opportunity to participate and benefit, should they so choose.

"I am really excited about being a part of ABC4All TEAM. I believe we'll fulfill our purpose which is helping the people of the newest nation in the world. Saving lives is what our team is about." --ABC4All Mentor Ger Duany, South Sudan / New York.

"I will not allow myself to be deterred from representing the 2 billion people in the world without adequate water, food and shelter." -- Burton Danet, Founder, A Better Community For All (ABC4All)
